

**You are invited to attend our
FREE FIRE SAFETY WORKSHOP
23rd May 2013**

Morning & Afternoon sessions available

**Held at: Basepoint Business Centre
377-399 London Rd, Camberley, Surrey GU15 3HL**

FCS-Live have worked with many Spectrum members over the last year; and feel it would be very beneficial to hold a FREE Fire Safety Workshop for all Care Home Owners and Trusts.

Due to the Regulatory Reform (Fire Safety) Order 2005 we are finding that many customers still have questions unanswered and by holding these workshops FCS-Live can update you with the latest legislation as well as answering your concerns.

Topics covered:

- Fire risk assessments
- Fire Safety Consultancy, litigation and expert witness services
- Training – general fire training/Fire Marshal training
- Alarms – installation and testing
- Remedial works
- Fire Doors – FD30/60
- Policies and Procedures
- Extinguishers
- Signage

**If you are interested in attending please call Natalie Creigh on 0845 8333 930
or email info@fcs-live.com to confirm your place.**

**Light refreshments will be provided throughout the day please come and join
us and meet some of the FCS-Live team.**

Non Spectrum Members are also welcome.
